

# FOUR REASONS WHY YOU NEED A WASTE ALLY

When things go wrong, we have your back.

01

## **Your time is valuable.**

Your time is your greatest asset, and we're passionate about making sure yours is protected. You can't afford to spend time on a waste or billing issue—and neither can your staff.

02

## **Be in the know.**

What you don't know can be used against you. Your contract is likely written in your haulers favor—allowing for price spikes and auto-renewal.

## **Waste mistakes are expensive.**

Haulers make mistakes on your billing 10% of your time. You need someone who knows the industry to fight errors on your behalf.

03

## **You need market expertise.**

We know where to look for savings, and we have a 95% success rate of finding them. We make airtight contracts, prevent price spikes, and reduce fees.
